Opis produktu

D20 THIEVES IN THE FOREST

They lurk in the Ralferst Forest, striking out at all who pass through, robbing traders, assaulting farmers, even killing with impunity. Working from a secret base deep in the forest, a band of thieves has struck fear into the heart of Brandon's Bridge, the little village at the crossing of the Azure River. But now a band of heroes has come, seeking glory and adventure - heroes that might just be up to the challenge of driving away the Thieves in the Forest.

Featuring:

- **A Wilderness adventure segment set in the Ralferst Forest, a dense wood crisscrossed with paths and fraught with perils** The nature of the forest and paths makes it easy for less experienced players and GMs to deal with this non-dungeon environment.
- **A double-sided, fold-out poster map (17" X 22") of the thieves' hideout - an ancient ruined temple - suitable for tabletop use with miniature or counters.**

Designed for AD&D 3rd edition rules - usable for any edition.

This is a new, unused copy that has spent its life in a warehouse.
