Opis produktu

The *Game Master's Kit* will help keep a Kill-team's Missions from going astray! It comes complete with a sturdy GM screen featuring stunning *Deathwatch* artwork and useful tables, charts, rules, and statistics, providing quick Game Master reference and a handy place to hide notes.

Added to this is a 32-page full colour booklet with a selection of useful NPCs, and an expanded Mission-generation system, and a complete adventure. The included adventure, *The Shadow of Madness*, explores what unfathomed forces may have cursed the planet Baraban, and raises questions about their connection to the unknown purpose of the waiting Omega Vault. Also in the *Game Master's Kit* book is a section devoted to aiding Game Masters in devising missions and implementing them into your own *Deathwatch* campaigns. Finally, the back of the book serves an appendix detailing the important NPCs that the Kill-team may encounter, plus plenty of adventure seeds for each.

Offering a wealth of useful content, the *Game Master's Kit* is the perfect enhancement to your *Deathwatch* experience.
