Opis produktu

RELIC - Nemesis

Chaos has engulfed the far-flung Antian Sector. In this time of strife, can a divided Imperium survive against so many foes––or will the sector run red with the blood of the faithful while the great works of mankind burn?

In Nemesis, an expansion for Relic, dangerous new threats to the Imperium converge on the Antian Sector, pitting agents of the Imperium against their most feared foes yet.

Along with four new scenarios, new threat cards, and new wargear to tempt even the most puritanical agents of the Imperium, the Nemesis expansion also adds up to two more players to Relic for epic, six-player games. Nemesis also introduces the Enemies of the Imperium game mode, which allows up to two players to take on the role of a Nemesis, seeking to thwart the Imperium’s agents at every turn.

The Antian Sector faces danger like never before. Will you stand as a stalwart defender of the Imperium of Man? Or will you work to bring humanity to its knees as a Nemesis? The choice is yours.

(edycja angielska)
Uwaga! To nie jest samodzielna gra! Do rozgrywki wymagana jest podstawowa wersja gry: Relic (edycja angielska).
